

LA PALMA DISTRICTS 2 & 4 WILL HAVE AN ELECTION ON NOVEMBER 3, 2026.

The La Palma Record

Campaign websites tell you what a candidate wants you to believe.
The public record tells you what actually happened.

**If you haven't been watching what's been happening in your city,
what you learn may startle you.**

A decade of city governance, documented entirely from public records, court filings,
independent news articles, and sworn disclosures.

\$25.3M

An **INCREASE** in total pension debt - not the 9-year payoff promised in 2016 with Measure JJ

\$8.4M

Jury verdict against the City, Dec. 2025

\$18,091

Public funds spent on Measure W by sitting council members who benefited from it

Up to 20

Years a council member can now serve without a break

4

Police chiefs in about 26 months

3

Years the council refused to implement video livestreaming before they were forced to by Sacramento

What Voters Can Do

A candidate's answers — and any refusal to answer any of them completely — will tell you what you need to know. Every question below traces to a specific, documented gap in the public record at LaPalmaRecord.org.

-
- | | |
|---|--|
| <p>☐ 01 Will you vote to restore twice-monthly regular council meetings? (This requires only a council resolution — three votes could do it at any meeting.)</p> <hr/> | <p>☐ 07 Will you commit to never spending General Fund money on consultants to draft or promote ballot measures that extend council members' own tenure — and to disclosing, in any city-funded material about a future measure, every provision that benefits sitting incumbents?</p> <hr/> |
| <p>☐ 02 Will you vote to commission a truly independent, external investigation of the police department's complaint-handling practices, with authority to review records and interview personnel?</p> <hr/> | <p>☐ 08 Before approving any future promotion of a near-retirement employee into a higher-paid position, will you require a public staff report disclosing the projected lifetime pension cost of that promotion?</p> <hr/> |
| <p>☐ 03 Will you direct staff to present a full public accounting of every Measure JJ promise made in 2016 against actual results — pension payoff, the \$20 million in savings, reserves, the stabilization fund, and the Utility Users Tax?</p> <hr/> | <p>☐ 09 Do you believe the City Manager should be an independent professional administrator rather than a former council colleague — and will you support recruiting professional city management for future vacancies?</p> <hr/> |
| <p>☐ 04 Will you vote to repeal the two-member consent requirement for placing items on the council agenda?</p> <hr/> | <p>☐ 10 Will you support amending Measure W so that years already served count toward the term limit — closing the provision that lets a sitting member serve up to 20 consecutive years without a break?</p> <hr/> |
| <p>☐ 05 Will you support posting all campaign finance filings on the city website, as neighboring cities already do?</p> <hr/> | <p>☐ 11 Will you support establishing the Pension Stabilization Fund promised to Measure JJ voters in 2016 — and on what timeline?</p> <hr/> |
| <p>☐ 06 Did you support or oppose Measure W, and did you or your campaign receive support from any sitting council member or their family?</p> <hr/> | <p>☐ 12 Will you require a competitive, externally run search — rather than an internal appointment — for the next City Manager, Police Chief, or City Attorney vacancy?</p> <hr/> |

These questions are drawn directly from documented gaps in the public record. They are offered so voters can ask their own questions of candidates — not as an implied answer.
